Air And Home Care Recycling Programme

See the picture above for what you can recycle through the programme. Every time you finish, replace or refill your homecare products, save the packaging and send it in to TerraCycle to be recycled. The Air and Home Care Recycling Programme is the easiest way to recycle a wide-variety of homecare products and packaging.

**Accepted Waste:**
1. All brands and sizes of plastic bottle trigger heads and pumps (used for air care and home cleaning products such as kitchen / bathroom cleaner sprays).
2. All brands and sizes of plastic air fresheners and plastic air freshener cartridges / refills (including plastic car air freshener products).
3. All related flexible plastic air care and home care product packaging of any brand (please remove any cardboard, which is usually at the back, or other recyclable components first and recycle these with your household collections).
4. All brands and sizes of flexible wipe packaging (used for home cleaning products).
5. All brands and sizes of pumps and caps for home cleaning products. Please check with your local council to see if plastic bottle caps (for air care products, and washing up liquid bottles) can be recycled locally - where a solution is available please recycle the caps locally - if no local solution is available these can also be sent in for recycling.

**Waste that is NOT accepted:**
- Glass air fresheners and air freshener cartridges (these can be recycled with your standard household recycling.)
- Air and Home Care related aerosols and plastic bottles / containers (these can be recycled as part of your standard household recycling).
- Laundry product caps
